

LONG VIEWS & SUNSETS  
HERE. GUEST ACCESS ONLY.

Watch birds, enjoy valley views from your deck or walk our bush tucker and sunset trails. Kiambram Country Cottages invites guests to enjoy the property around the cabins and walk open laneways while patting the horse, searching for wildlife and visiting the bush tucker and mini-farmyard/vege garden areas. Sunrises & beautiful sunset reflections can be seen from each cabin on the easterly slope. A short walk to the 550m plateau opens an expansive vista over the downs to the north west. Space & dark night skies allow for firepits and star gazing.

While you're visiting, we'd love you to share your experiences and photos on Instagram and Facebook. Just tag us @kiambram
